

HS Trop Baseline

ng/L

Female: < 15
Male: < 23

Female: 15 - 100
Male: 23 - 100

> 100

Pain onset
> 2 hrs

Pain onset
< 2 hrs

Acute myocardial injury
less likely,
evaluate clinically

Indeterminate:
2 hour test
recommended

Acute myocardial injury
ruled in
(Critical Result)

HS Trop 2 Hr Delta

ng/L

< 4

4 - 9

> 9

Not Changing:
Acute myocardial injury less likely,
evaluate clinically

Indeterminate:
6 hour test
recommended

Changing:
Acute myocardial injury ruled in
(Critical Result)

HS Trop 6 Hr Delta

ng/L

< 12

 ≥ 12

Not Changing:
Acute myocardial injury less likely,
evaluate clinically

Changing:
Acute myocardial injury ruled in
(Critical Result)

Note: • collect **2 Hr** specimen **1 - 3** hours post baseline
• collect **6 Hr** specimen **5 - 7** hours post baseline
